NEW IN THE VIDEO DEPARTMENT

The Library has recently acquired *In Control: A Home Video Freedom From Smoking Program*. Produced by the American Lung Association, this new video outlines a program to stop smoking. It may be borrowed for four days.

NEW IN THE REFERENCE DEPARTMENT

Have you ever tipped a cookie pusher? Do you like axle-grease on toast? Are you someone's bapa?

If you're wondering what we're talking about, take a look at the *Dictionary of American Regional English* (Vol. I), a new acquisition in our Reference Department. The *New York Times Book Review* calls "DARE" a "landmark for the American language and of American scholarship." It includes regional and folk language - past and present - of the old and young, men and women, white and black, rural and urban, from all walks of life. Many words or expressions have accompanying maps which show the areas of the country where usage is prevalent. The next time you're in the library, take a moment to browse through this fascinating volume. (*cookie pusher* = waitress; *axle-grease* = butter; *bapa* = grandfather).
