Anything your mind can conceive and believe, you can achieve. So goes the credo of motivational speaker Susan Dooreck.

Through fun, exercises and interchanges she will demonstrate how each person can realize his or her potential and be the very best that they can be.

LIFE-LINE

The library now has available for your use *Life-Line: Where To Find Help on Long Island When Life-Threatening Illness Strikes*. This directory of supportive care services for the seriously ill is published as a community service by the Junior League of Long Island. The compilation spans such varied topics as selecting a nursing home, financial and legal affairs, estate planning, funeral arrangements and social security benefits. And, although a few of the resources cited are located in New York City, most are found right here on Long Island. The library hopes that both professional caregivers and patients and their families will find this directory a valuable resource that will connect those in need with the many services our communities offer.
