**MOHAWK PLAYERS' PRODUCTION OF
TENNESSEE WILLIAMS'
PERIOD OF ADJUSTMENT**

Friday, November 15, 8:30 p.m.

Described by Williams as a "serious comedy," this is the story of two couples who have reached troubled points in their marriages, one couple after five years, the other after one night. The newlyweds arrive at the groom's army buddy's house on Christmas Eve, only to find that his wife walked out on him and that his house is sinking. The situation allows for humor and pathos as we see the frailty of human relationships and the strength of love, honesty and friendship in holding those relationships together. In the spirit of Christmas, Williams gives us a hopeful view of love and marriage. Tickets, which go on sale Nov. 2, are \$1.00 for adults, 50¢ for students and senior citizens.

Many families are unaware of these astronomical costs until it's too late. But help is on the way. A representative from First Long Island Securities, Inc. will discuss ways to ease the financial strain that rising college costs are placing on most families. The discussion will explore specifics on college costs today, what a college education will cost 3, 6, 12 and 18 years from now, financial planning tools, maximizing your after-tax return, and much more.
