## FOR ADULTS

### Exterior Repairs Scheduled to Begin at the Northport Library Building

Early May 2019, work will begin to replace the damaged 22-year-old retaining wall. Repairs are vital due to the natural deterioration of the existing retaining wall adjacent to the parking lot, an essential part of the library's lower level emergency exit. Once the work begins, the June Avenue entrance to the building will be closed. All building access will be through the entrance on Laurel Avenue. Patrons may park in the Brosnan School lot on Laurel Avenue. This project will assure a safer, more reliable emergency exit and necessary support for the parking lot and sidewalks. If work proceeds as scheduled, the parking lot and entrance from June Avenue will be reopened mid-August.
