"Teens Making a Difference" Summer Volunteer Program

Teens, Do You Want to Make a Difference?
The Northport-East Northport Public Library offers group volunteer activities on a monthly basis. These opportunities are listed in the Library newsletter in the "For Teens" section. The programs fill up quickly, so it is important to note the registration dates. When students have completed a volunteer activity, they will receive a certificate in the mail, stating the number of hours earned. You'll want to keep these certificates as a record and proof of your total yearly hours.

Why Volunteer?
Teens often seek volunteer activities to comply with the requirements of the National Honor Society, scouting groups, or religious education programs. Some teens choose to volunteer so that they can add this experience to their job or college applications.

Summer Opportunities
The theme for the Library's teen program this summer is "Teens Making a Difference: A Reading and Volunteer Program." A variety of volunteer opportunities are available: reading to young

children; assisting with crafts; reviewing young adult books; and visiting a local assisted living facility. These activities are open to all district teens who are in or will be entering grades 6-12.

The Teen Centers
Both the East Northport and Northport Library buildings have a designated area called the "Teen Center." Here you will find hardcover and paperback books, audiobooks on cassette or CD, magazines, and a bulletin board with information about upcoming teen programs. The computers in the Teen Centers provide Internet access, word processing applications, and educational games.

Display Tables
The Library display this month is called "Teens Making a Difference." It includes photo collages of teens participating in Library volunteer programs, crafts that teens have created for specific events, books, and many other interesting items. Come into either library building to see our display during the month of July.
