Lifeguards (That's you, PARENTS!)
Summer Reading Clubs are not only fun, they are essential. An early involvement in reading programs does make a difference in a child's life. Studies have found that children who read more than ten books during the summer vacation make significant gains in reading ability over those who read less. A reading program based on a fun theme is a great way to encourage and support your child's reading interests and curiosity so that reading remains an enjoyable challenge. VISIT THE PUBLIC LIBRARY OFTEN. Help your child discover the adventure and fun of choosing books from the Library's collections. Be sure that children have their own library card. At the Northport-East Northport Public Library, children are eligible for library cards from the day they are born!

Dive Right In
Any child can join the reading clubs. Children as young as two years old have participated. Books are read to pre-schoolers in the **Little Squirrels Club** by parents, grandparents, siblings, and babysitters. Children in grades 1-3 are encouraged to join **Splish Splash Read!** Older children, in grades 4-6, are part of the **Book Divers Contract Readers** program. Teens who participate in **Splish Splash Read!** have an added benefit. They will become familiar with the friendly staff and resources available to them throughout the Library—and this will be helpful in September when homework assignments are once again underway.

Swimming Instructors (Your LIBRARIANS!)
Our Librarians for Children and Teens have constructed unique programs that make summertime reading fun for all ages. They will be happy to help your children discover new books and expand their reading horizons.

Off to the Ocean
A record 1,461 youngsters participated in last year's summer reading program. Discover an unlimited opportunity to explore, learn, create, investigate, socialize, and read in the Library. Join the fun!
